MEMO TO: Paul Hirsch

CC: Morton M. Mendel  
John H. Hinman  
Jerry D. Boswell ✓

FROM: Bernard T. Perry

The following amended fuel clause has been approved by Jack Hinman and the engineering staff of the Public Service Commission of Indiana for inclusion in the rate schedules now in evidence before the Public Service Commission in Cause No. 32874.

→ The energy charge under this rate will be adjusted to reflect the same fuel adjustment billed the Utility by its present supplier for power purchased during the previous calendar month, and in the event that the rates of the supplier are revised to a 33.00 cents base, an additional .0315 cents per kwh shall be charged.

→ The foregoing language will be substituted for the fuel clause language originally presented in Exhibits JB2 and BP2 for rates CA, PA, PB, RC, and CB.

The new fuel clause, in the opinion of the writer, will not require evidence amending revenue estimates from proposed rates for the reason that no increase in operating costs was claimed for the fuel adjustment charged the City in the original exhibits.

It is the understanding of the writer that your office will file this new rate language and appropriate testimony therewith for introduction of the rates by Jack Hinman on August 21 at the continued hearing in this Cause.
